

Emily K. Chapman, MD

Neurosurgery Resident, Class of 2029
Department of Neurosurgery
Icahn School of Medicine at Mount Sinai

Clinical and Academic Interests in Vascular and Endovascular Neurosurgery, Social Determinants of Health

What made me choose Mount Sinai...

I chose Mount Sinai because the residency program has both high-quality clinical training via wide exposure and also strong infrastructure for clinical innovation. I liked that residents were empowered to spearhead their own education and research, and also wanted to continue to build community among neurosurgeons in New York City.

Check out the video to see Dr. Chapman discussing her neurosurgery experience at Mount Sinai: <http://bit.ly/Chapman2022>

Third Ventricle Cavernous Malformation and Obstructive Hydrocephalus Thought to be a Colloid Cyst
World Neurosurgery

Hometown
Pleasantville
New York

Current Location
South Harlem
New York City

Languages
English, Japanese

General Interests

- Soccer
- Going out dancing
- Cooking
- Rock climbing

Favorite Activities

- Playing pick-up soccer
- Dancing to live music
- Cooking Japanese food at home with friends

Favorite Things in New York

- Going to jazz clubs
- Visiting the Metropolitan Museum of Art
- Thrift shopping in Williamsburg

Future Career Goal
Become a dual-trained cerebrovascular neurosurgeon, developing new technologies for patients, but also for space flight!

Bragging Rights
I've played the viola at both Carnegie Hall and Lincoln Center

Book
Cutting for Stone

Favorite Music
R&B, House

Favorite Movie
 Fargo

Favorite Restaurant
La Grande Boucherie
