

Faculty Agreements - Quick Reference Guide: All outside professional activities must be approved by your Department Chair prior to your participation in the activity. Agreements submitted to the COI office must include the [Attestation of Compliance with Institutional Policies for Relationship with Outside Entities \(“Attestation Form”\)](#) which acknowledges faculty responsibilities and also Chair approval. All agreements and attestation forms should be retained by you. All financial relationships must be disclosed on your Annual Report of Outside Relationships via [Sinai Central](#) after approval.

E-mail Attestation Forms to David Atteratta at david.atteratta@mssm.edu

Below is a listing of the most common arrangements. Please call the COI Helpline at x40845 for questions on these or other types of outside professional activities.

Please visit the [COI website](#) for more information and additional guidance on faculty personal consulting agreements.
